 - Currently, the Neighborhood Watch committee (NWC) is under the Community Relations Committee umbrella. Wicca Davidson is suggesting that she thinks that it should be under the PSC. The PSC is not opposed to this however, it will be up to the Council to authorize this switch/change
- Discussion with the Community Relations Committee regarding Town communications was discussed at the April PSC meeting. Wicca Davidson attended from CRC. Wicca advised that CRC is actively pursuing more and better ways to communicate with residents and how to better welcome new residents. Discussed town Crier, Town Neighbors and communicating with NWC and Sgt. D’Albora who coordinated the Town’s off duty police officers. CRC is developing a new resident “Welcome Pack” which will contain useful information about the Town and local businesses. They are also looking into how to better communicate with residents regarding “spot crime reports”. CRC is doing a very good job with communications so it was decided that the PSC will not pursue this topic further. Item closed
- PSC made recommendation to Todd/Council to install a pole light (similar to the ones installed on E-W Hwy.) in the Willow Lane Park near the existing bench. Todd is working on this at this time
