

**TOCC Public Services Committee
Agenda
November 10, 2016**

- This meeting is open to all Town residents
- Introductions and Announcements
- Curb cuts – The PSC concurred with the recommended changes by the Land Use Committee (LUC) regarding the curb cut ordinance changes to Section 4-9 of the Town's Municipal Code
- John Bickerman – Synopsis of the November Town Council meeting
- Discuss the traffic issues in the vicinity of CCES; request was made for a wider Town wide traffic study; collect data to establish a “baseline” for traffic counts before new development kicks in. Todd to discuss this with (Mayor) Scott Fosler
- Streetlights and Streetlight Requests – No new street lights are pending
- The Neighborhood Watch Committee (NWC) is currently under the Community Relations Committee umbrella. The PSC is open to have the NWC under the umbrella of the PSC. The Council has approved the transfer of NW to the PSC.
- In the October Town Council meeting, Councilmember Mary Flynn “discussed an interest in evaluating the Town's permit parking program in light of the increased development in downtown Bethesda. Voted 4-0, with Councilmember Bickerman absent, to ask the Town's Public Services Committee to develop a study design plan related to the Town's permit parking program and to present this plan to the Council at a future meeting for review and discussion” PSC chair spoke with Todd Hoffman regarding this assignment. Some ideas from this discussion: 1) Poll Town residents (what do residents want?); 2) Make entire Town permit parking; 3) Create “zoned parking”; 4) Discuss resources and cost needed for a study; 5) Timeline to implement
- PSC discussion of the “Families & Children” handout
- Next Meeting – Thursday, December 15th at 7 PM
- Adjourn
