

**TOCC Public Services Committee
Agenda
November 15, 2018**

- This meeting is open to all Town residents
- East-West Hwy – Safety improvements – lane narrowing; new pavement markings; speed camera results (shared with PSC members) and bush & tree pruning
- Joe Cutro to provide sketch of the proposed improvements outlined in his report (7.18.18) on the signage/safety at Meadow & E-W Hwy
- Town wide traffic study is currently planned for the Fall of 2019. Mayor Rush would like the parameters of the study started now so the Town can develop the RFP for bids, put the study out for bid, make a selection of a traffic engineering firm and have it ready to implement in the Fall of 2019. The PSC was asked to develop some study parameters and present them to the Town manager. We will discuss this tonight
- East Ave – speed bumps/entry restrictions; Julia Johnson was encouraged to go thru the speed bump process; discussed left hand turn from Bradley on to southbound Wisconsin Ave; SHA recommendations
- PSC to follow up with Todd on safety recommendation(s) at Leland & East
- Discussion of enhanced parking enforcement at Town borders and parking passes. The PSC made a formal recommendation to Town manager on October 18th. Town manager responded with questions on 10.22.18 which we will discuss tonight
- Bicycle safety – Leland & Oak – Discuss adding safety signage at this intersection; Todd to have Town police officers patrol this intersection
- Discussion on Zimmerman Park safety improvements for B-CC HS students; proposed dog park. Dave asked PSC members to visit the area around the Park and to look at the existing parking restrictions and be able to make recommendations on a future parking strategy if the dog park proceeds
- Purple Line construction
- B-CC CAT (Community Advisor Team) – Purple Line Meeting 11.27.18 at B-CC HS
- Next Meeting – December 13, 2018
- Adjourn
