Dear applicant/representative:

Enclosed is the application you requested for a Personal Residential Permit for a reserved parking space. If you reside in Baltimore City, **please do not use this application**, but call **(443) 573-2800**. Residents of all other areas, please continue.

The intent of this program is to provide some assistance to physically disabled individuals who have no other alternative in parking vehicles near their residence; therefore, generally, parking permits are not approved if any of the following circumstances exist:

- A. Disability is not permanent.**
- B. Residence is located in a private community or is located on a private roadway.**
- C. Off street parking is provided by garage, driveway, or parking pad.**
- D. No member of the household, at the residence address of the disabled person, has a currently registered Maryland vehicle.**
- E. The residence is located on a street which prohibits parking.**
- F. The applicant has committed fraud within the application for permit.**

Please provide, as accurately as possible, all the information requested, especially your telephone number. Failure to do so will delay the processing of your application. On the reverse side is the application. Please complete with the information of the person the reserved parking space is intended for.

Below, list one attending physician who is familiar with the applicant's physical limitations. We will contact that physician for further medical documentation.

After completing both sides of this form, please return in the enclosed envelope or to the address listed on the reverse side.
